Journey of Excellence

GISI was founded within a traditional background as a textile manufacturer in 1970 and has passed through 53 years of accomplishment, aiming to manage change and remain competitive. It has arduously re-engineered each step of its value-chain to match the dynamism of the fashion market. GISI has expanded its capacity, developed a skilled workforce and introduced integrated technologies to remain globally up-to-date.

GISI is a long time member of Turkish industry bodies such as ITKIB (Istanbul Textile and Apparel Exporters Union), ISO (Istanbul Chamber of Industry), ITO (the chamber of commerce Istanbul) and KOSGEB (SME)

GISI was aware that short lead times played a vital role in the modern apparel industry so it located itself in the headquarter in the city of industry, Istanbul.

Today, following over a decade of progression, GISI Textile is the prime choice of many prestigious international brands.

Capacity

GISI has always been pushing the limits of its capacity and can now handle ordered quantities in variety of styles with ease. GISI advanced from traditional technique knowledge to premium garment manufacturing.

Sampling, Design and Development

The Team prepares prototypes, salesmen samples, pre-production samples and collections according to each customer's needs at the highest quality and speed using the latest technology with Lectra pattern system, whilst performing feasibility studies to facilitate bulk production.

Additionally, a dynamic team of merchandisers assist each client along both the collection and production stages ensuring a flawless process. Sentez program has been used as ERP system at the factory.

GISI can comprehend the swinging-pendulum of the fashion world and can therefore adapt to the taste of trendy consumers.

GISI's team is always on the lookout for new types of fabrics, products and innovative textile-technical solutions. This helps the design and development team, resulting in better client-management.

Quality Control & Assurance

Throughout its decades-long operation, GISI has perfected its Quality Control System, which includes scrupulous checks, to ensure flawless production. Our team (QC) extends its operation even into the procurement of materials and machinery. GISI has continuously restructured this system. GISI's QC team provides no room for error and can readily assure superior product-quality to its clients.

Sustainability
